POSITION ANNOUNCEMENT

Position Title: Assistant Professor - CIS Department

Position Staffing Group and VSC Grade: Full-time, tenure track

Bargaining Unit: Vermont State Colleges Faculty Federation

Location: Randolph Center Campus

Responsibilities: Applicants should have experience in teaching courses in one or more of the following areas: client/server-side web application development, computer security, system development and testing, and database design. Ability to teach one or more courses at the Williston campus when needed.

Additional responsibilities include advising students, participating in department's curriculum/program development, and participating in College-wide committees. Experience working with hybrid online course delivery a plus.

Note: Additional information about Vermont Technical College (VTC) may be found on the VTC website www.vtc.edu.

Qualifications The successful candidate would have at least a Master's degree in Computer Science, or related field. Prior teaching experience is an asset, as is experience in related industry discipline. Effective communication skills, both oral, and written required.

Starting Date: Fall 2016 semester

Application Deadline: Applications accepted until the position is filled.
To Apply: Submit Vermont Tech employment application, cover letter & resume to jobs@vtc.edu. Employment application is available on the Vermont Tech website: www.vtc.edu/employment.

Applicant must have prior credentials that entitle him/her to work legally in the United States.

This job is subject to a criminal background check. Any offer of employment is contingent upon the satisfactory results of this check.

Vermont Tech strongly encourages applications from members of ethnic minority groups and other under-represented backgrounds. Vermont Tech is an Equal Opportunity Employer and a member of the Vermont State Colleges system. In compliance with ADA requirements, we will make reasonable accommodations for the known disability of an otherwise qualified applicant.
