July 24, 2018

To: BS Professional Pilot Technology Program students

There has been a change in the required courses for the program effective Fall Term 2018.

The following courses will continue to be offered but are not required to graduate with a BS Professional Pilot Technology Degree:

- AER 3020 Flight Instructor Flight
- AER 4020 Flight Instructor Instrument
- AER 4010 Multi-Engine Flight
- AER 4011 Multi-Engine Sea
- AER 4030 Flight Instructor Multi-Engine

If you are a student receiving financial assistance, or VA benefits, please contact Dwight Cross, Associate Dean of Enrollment and Alumni Affairs, 802 728 1250 or Robin Guillian, Director of Aviation, Professional Pilot Technology, to see if these changes will affect your benefits.

Robin Guillian
Aviation Director: Prof. Pilot Technology
