

GW Plastics Frederic Riehl Scholarship Program

Description:

The GW Plastics Frederic Riehl Scholarship Program offers an annual \$8,800 scholarship and a paid summer internship to selected candidates from the Mechanical Engineering Technology or Electrical/Electromechanical Engineering Degree Program.

GW Plastics, with corporate headquarters and its technical center in Vermont since 1955, is a global leader in advanced manufacturing and has world-wide locations.

Amount:

- Two \$8,800 scholarships for entering Freshmen;
- Two \$8,800 scholarships for continuing Sophomore participants
- One \$8,800 scholarship for a Sophomore recommended by faculty
- Paid internship between Freshman and Sophomore years

Criteria:

- Be a Vermont resident
- Be enrolled in the Mechanical Engineering Technology or Electrical/Electromechanical Engineering Degree Program
- Maintain a 2.5 GPA
- Entering Freshmen must be available to participate in a 12-week summer internship at GW Plastics after their Freshman year
- To continue in the program for a second, participants must successfully complete GW's summer internship.
- Candidates applying to join the program as Sophomores must be recommended by faculty and complete the GW Plastics Frederic Riehl Scholarship Program application
- Scholarship awards will be announced by GW Plastics
