

**COMPETENCIES FOR THE VERMONT TECHNICAL COLLEGE
DENTAL HYGIENE STUDENT
VERMONT TECHNICAL COLLEGE
DEPARTMENT OF DENTAL HYGIENE**

The American Dental Education Association and others have recognized that competency statements are essential to the structure and evaluation of a dental hygiene curriculum. Competencies have been defined as the behavior expected of beginning practitioners, that includes psychomotor skills, knowledge of when and how to use it, demonstration of the values of the profession and the ability to communicate that knowledge and values. The behavior must be performed at or above an acceptable level defined by standards and accomplished without assistance.¹ This document delineates the competencies required of students for successful completion of the Vermont Technical College Dental Hygiene program.

Competencies for Entry into the Profession of Dental Hygiene

Dental hygienists must complete an accredited educational program and qualify for licensure in any state or jurisdiction. They practice in collaboration with dental and other health care professionals in a variety of settings.
